# Founder

Patel S.R. Narayanaswamy had his humble beginnings as a farmer. However he had a deep desire to make a difference to the world. He realised that he could only achieve this by reaching out and touching and enriching one life at a time. And how better than to touch young lives and nourish them into better citizens of the world of tomorrow. In 1991, the philanthropist and leader founded the P.N.S Education Society with a view to make a mark on young leaders of tomorrow. Patel Public School is the living idea created by him.
